OFFICE MEMORANDUM

Subject:- A New Cement Plant of 1800 TPD capacity at Alathiyur, Trichy District, Tamil Nadu - environment clearance reg.

....

This has reference to letter of 19th May, 1995 and subsequent letter of 10th July, 1995 from Sr. Vice-President (MFG), Madras Cements Ltd. on the above subject.

The project has been examined and is accorded environmental clearance subject to the implementation of the following conditions :

- i. The project authority must strictly adhere to the stipulations made by the State Government and the Tamil Nadu Pollution Control Board.
- ii. Any future expansion of the plant or process modifications having a bearing on pollution potential can be taken up only with the prior approval of this Ministry.
- iii. The project authorities should commission a post expansion comprehensive EIA study within six months of commissioning of the plant covering one year data (4 seasons) and submit the report to this Ministry within 15 months of commissioning of the study.
- iv. The project authorities should control fugitive emissions from the plant and keep them within the prescribed limits.
- v. Particulate emissions from various units should conform to the standards prescribed by the competent authorities
